

Q:

What's so  
innovative  
about  
new  
Keralite<sup>®</sup>  
Select?

## THE ANSWER'S IN THE GLASS.

Introducing new Keralite Select, with the best combination of features available in a fire-rated glass ceramic. Our patent-pending surface polishing technology and advanced composition result in superior clarity and sharper viewing. Keralite Select also boasts a 97.1 color rendering index for true color, high VLT for LEED certification, and the lowest haze value in its class. See for yourself.
